Aquatic Botany 56 (1997) 289–294

Aquatic botany

# Author Index, Vols. 54–56

Aerts, B.A., *see* Esselink, P. . . . . (55) (1997) 261
Alcoverro, T., C.M. Duarte and J. Romero
The influence of herbivores on *Posidonia oceanica* epiphytes . . . . . (56) (1997) 93
Allaway, W.G., *see* Curran, M. . . . . (54) (1996) 255
Allaway, W.G., *see* Skelton, N.J. . . . . (54) (1996) 165
Alvarez-Guillen, H., *see* Day Jr., J.W. . . . . (55) (1996) 39
Ambrósio Jr., O., *see* Oliveira, E.C. . . . . (56) (1997) 25
Andersen, F.Ø., *see* Christensen, K.K. . . . . (55) (1996) 183
Armentano, T.V., *see* Doren, R.F. . . . . (56) (1997) 145
Armstrong, I.B., *see* Armstrong, J. . . . . (54) (1996) 211
Armstrong, J., W. Armstrong, I.B. Armstrong and G.R. Pittaway
Senescence, and phytotoxin, insect, fungal and mechanical damage: factors reducing convective gas-flows in *Phragmites australis* . . . . . (54) (1996) 211
Armstrong, J., W. Armstrong, P.M. Beckett, J.E. Halder, S. Lythe, R. Holt and A. Sinclair
Pathways of aeration and the mechanisms and beneficial effects of humidity- and Venturi-induced convections in *Phragmites australis* (Cav.) Trin. ex Steud. . . . . (54) (1996) 177
Armstrong, J., *see* Armstrong, W. . . . . (54) (1996) 121
Armstrong, J., *see* Grosse, W. . . . . (54) (1996) 87
Armstrong, W., J. Armstrong and P.M. Beckett
Pressurised ventilation in emergent macrophytes: the mechanism and mathematical modelling of humidity-induced convection . . . . . (54) (1996) 121
Armstrong, W., *see* Armstrong, J. . . . . (54) (1996) 177
Armstrong, W., *see* Armstrong, J. . . . . (54) (1996) 211
Armstrong, W., *see* Grosse, W. . . . . (54) (1996) 87
Barkmann, S., *see* Gessner, M.O. . . . . (55) (1996) 93
Barnabas, A.D.
Casparian band-like structures in the root hypodermis of some aquatic angiosperms . (55) (1996) 217
Barrat-Segretain, M.-H.
Germination and colonisation dynamics of *Nuphar lutea* (L.) Sm. in a former river channel . . . . . (55) (1996) 31
Baskin, C.C., J.M. Baskin and E.W. Chester
Seed germination ecology of the aquatic winter annual *Hottonia inflata* . . . . . (54) (1996) 51
Baskin, J.M., *see* Baskin, C.C. . . . . (54) (1996) 51
Beckett, P.M., *see* Armstrong, J. . . . . (54) (1996) 177
Beckett, P.M., *see* Armstrong, W. . . . . (54) (1996) 121
Bedini, S., *see* Lombardi, T. . . . . (54) (1996) 287
Beer, S. and J. Rehnberg
The acquisition of inorganic carbon by the seagrass *Zostera marina* . . . . . (56) (1997) 277
Bellemakers, M.J.S., M. Maessen, G.M. Verheggen and J.G.M. Roelofs
Effects of liming on shallow acidified moorland pools: a culture and a seed bank experiment . . . . . (54) (1996) 37
Bertacchi, A., *see* Lombardi, T. . . . . (56) (1997) 1

Boar, R.R.
Temporal variations in the nitrogen content of *Phragites australis* (Cav.) Trin. ex Steud. from a shallow fertile lake . . . . . (55) (1996) 171
Bobbink, R., *see* Brouwer, E. . . . . (56) (1997) 119
Brewer, J.S.
Site differences in the clone structure of an emergent sedge, *Cladium jamaicense*. . . (55) (1996) 79
Brix, H., B.K. Sorrell and H.-H. Schierup
Gas fluxes achieved by in situ convective flow in *Phragmites australis* . . . . . (54) (1996) 151
Brock, M.A., *see* Casanova, M.T. . . . . (54) (1996) 297
Brouwer, E., R. Bobbink, F. Meeuwsen and J.G.M. Roelofs
Recovery from acidification in aquatic mesocosms after reducing ammonium and sulphate deposition . . . . . (56) (1997) 119
Camenisch, M. and C.D.K. Cook
*Wiesneria triandra* (Dalzell) Micheli (Alismataceae): a rare and unusual south Indian endemic . . . . . (55) (1996) 115
Capiomont, A., M. Sandmeier, G. Caye and A. Meinesz
Enzyme polymorphism in *Posidonia oceanica*, a seagrass endemic to the Mediterranean . . . . . (54) (1996) 265
Carter, V., N.B. Rybicki and M. Turtora
Effect of increasing photon irradiance on the growth of *Vallisneria americana* in the tidal Potomac River . . . . . (54) (1996) 337
Casanova, M.T. and M.A. Brock
Can oospore germination patterns explain charophyte distribution in permanent and temporary wetlands? . . . . . (54) (1996) 297
Castella, E., *see* Lehmann, A. . . . . (55) (1997) 281
Caye, G., *see* Capiomont, A. . . . . (54) (1996) 265
Chanton, J.P. and G.J. Whiting
Methane stable isotopic distributions as indicators of gas transport mechanisms in emergent aquatic plants . . . . . (54) (1996) 227
Chanton, J.P., *see* Whiting, G.J. . . . . (54) (1996) 237
Cheshire, A.C., G. Westphalen, A. Wenden, L.J. Scriven and B.C. Rowland
Photosynthesis and respiration of phaeophycean-dominated macroalgal communities in summer and winter . . . . . (55) (1996) 159
Chester, E.W., *see* Baskin, C.C. . . . . (54) (1996) 51
Choi, H.S., *see* Pezeshki, S.R. . . . . (54) (1996) 25
Christensen, K.K. and F.Ø. Andersen
Influence of *Littorella uniflora* on phosphorus retention in sediment supplied with artificial porewater . . . . . (55) (1996) 183
Clevering, O.A. and W.M.G. Van Gulik
Restoration of *Scirpus lacustris* and *Scirpus maritimus* stands in a former tidal area . (55) (1997) 229
Conner, W., *see* Day Jr., J.W. . . . . (55) (1996) 39
Cook, C.D.K., *see* Camenisch, M. . . . . (55) (1996) 115
Coops, H., F.W.B. Van den Brink and G. Van der Velde
Growth and morphological responses of four helophyte species in an experimental water-depth gradient . . . . . (54) (1996) 11
Corbisier, T.N., *see* Oliveira, E.C. . . . . (56) (1997) 25
Cornwell, J.C., *see* Wigand, C. . . . . (56) (1997) 233
Coronado-Molina, C., *see* Day Jr., J.W. . . . . (55) (1996) 39
Curran, M., P. James and W.G. Allaway
The measurement of gas spaces in the roots of aquatic plants – Archimedes revisited. (54) (1996) 255
Davis, J.F. and A.J. McDonnell
Development of a partitioned-biomass model for rooted macrophyte growth . . . . . (56) (1997) 265
Day, R., *see* Day Jr., J.W. . . . . (55) (1996) 39

Day Jr., J.W., C. Coronado-Molina, F.R. Vera-Herrera, R. Twilley, V.H. Rivera-Monroy, H. Alvarez-Guillen, R. Day and W. Conner
A 7 year record of above-ground net primary production in a southeastern Mexican mangrove forest . . . . . (55) (1996) 39
Dedes, D. and D. Woermann
Convective gas flow in plant aeration and thermo-osmosis: a model experiment . . . (54) (1996) 111
De Eston, V.R., *see* Oliveira, E.C. . . . . (56) (1997) 25
DeLaune, R.D., *see* Pezeshki, S.R. . . . . (54) (1996) 25
Didoné, N.G., *see* Klich, M.G. . . . . (55) (1996) 107
Doren, R.F., T.V. Armentano, L.D. Whiteaker and R.D. Jones
Marsh vegetation patterns and soil phosphorus gradients in the Everglades ecosystem . . . . . (56) (1997) 145
Duarte, C.M. and K. Sand-Jensen
Nutrient constraints on establishment from seed and on vegetative expansion of the Mediterranean seagrass *Cymodocea nodosa*. . . . . (54) (1996) 279
Duarte, C.M., M.A. Hemminga and N. Marbà
Growth and population dynamics of *Thalassodendron ciliatum* in a Kenyan back-reef lagoon . . . . . (55) (1996) 1
Duarte, C.M., *see* Alcoverro, T. . . . . (56) (1997) 93
El-Demerdash, M.A., *see* Khedr, A.H.A. . . . . (56) (1997) 75
Esselink, P., G.J.F. Helder, B.A. Aerts and K. Gerdes
The impact of grubbing by Greylag Geese (*Anser anser*) on the vegetation dynamics of a tidal marsh . . . . . (55) (1997) 261
Fenster, C.B.
Ecotypic differentiation for flood-tolerance and its morphological correlates in *Chamaecrista fasciculata* . . . . . (56) (1997) 215
Fernández, O.A., *see* Klich, M.G. . . . . (55) (1996) 107
Fochetti, T., *see* Lombardi, T. . . . . (56) (1997) 1
Gerdes, K., *see* Esselink, P. . . . . (55) (1997) 261
Gessner, M.O., B. Schieferstein, U. Müller, S. Barkmann and U.A. Lenfers
A partial budget of primary organic carbon flows in the littoral zone of a hardwater lake . . . . . (55) (1996) 93
Große, W.
Pressurised ventilation in floating-leaved aquatic macrophytes . . . . . (54) (1996) 137
Große, W.
The mechanism of thermal transpiration (= thermal osmosis) . . . . . (54) (1996) 101
Grosse, W., J. Armstrong and W. Armstrong
A history of pressurised gas-flow studies in plants . . . . . (54) (1996) 87
Häder, D.-P., H. Herrmann, J. Schäfer and R. Santas
Photosynthetic fluorescence induction and oxygen production in two Mediterranean *Cladophora* species measured on site . . . . . (56) (1997) 253
Halder, J.E., *see* Armstrong, J. . . . . (54) (1996) 177
Hawes, I., *see* Schwarz, A.-M. . . . . (56) (1997) 169
Heikkinen, K., *see* Huttunen, A. . . . . (55) (1996) 61
Helder, G.J.F., *see* Esselink, P. . . . . (55) (1997) 261
Hemminga, M.A., *see* Duarte, C.M. . . . . (55) (1996) 1
Henze, R., *see* Kohl, J.-G. . . . . (54) (1996) 199
Herrmann, H., *see* Häder, D.-P. . . . . (56) (1997) 253
Holt, R., *see* Armstrong, J. . . . . (54) (1996) 177
Huttunen, A., K. Heikkinen and R. Ihme
Nutrient retention in the vegetation of an overland flow treatment system in northern Finland . . . . . (55) (1996) 61
Ihme, R., *see* Huttunen, A. . . . . (55) (1996) 61

James, P., *see* Curran, M. . . . . (54) (1996) 255
James, P.L. and A.W.D. Larkum
Photosynthetic inorganic carbon acquisition of *Posidonia australis* . . . . . (55) (1996) 149
Jernakoff, P. and J. Nielsen
The relative importance of amphipod and gastropod grazers in *Posidonia sinuosa* meadows . . . . . (56) (1997) 183
Jones, M.B., *see* Muthuri, F.M. . . . . (56) (1997) 35
Jones, R.D., *see* Doren, R.F. . . . . (56) (1997) 145
Khedr, A.H.A. and M.A. El-Demerdash
Distribution of aquatic plants in relation to environmental factors in the Nile Delta . . (56) (1997) 75
Klich, M.G., N.G. Didoné, O.A. Fernández and M.B. Mújica
Response of *Spirodela intermedia* W. Koch to osmotically induced water shortage . . (55) (1996) 107
Kludze, H.K., *see* Pezeshki, S.R. . . . . (54) (1996) 25
Kohl, J.-G., R. Henze and H. Kühl
Evaluation of the ventilation resistance to convective gas-flow in the rhizomes of natural reed beds of *Phragmites australis* (Cav.) Trin. ex Steud.. . . . . (54) (1996) 199
Ksander, G.G., *see* Spencer, D.F. . . . . (56) (1997) 203
Kühl, H., *see* Kohl, J.-G. . . . . (54) (1996) 199
Lachavanne, J.-B., *see* Lehmann, A. . . . . (55) (1997) 281

Effects of liming on shallow acidified moorland pools: a culture and a seed bank experiment 54 (1996) 37

Recovery from acidification in aquatic mesocosms after reducing ammonium and sulphate deposition 56 (1997) 119

**Adventitious roots**

Vegetative propagation and the tissues involved in lateral spread of *Lythrum salicaria* 56 (1997) 11

**Aeration**

A history of pressurised gas-flow studies in plants 54 (1996) 87

Convective gas flow in plant aeration and thermo-osmosis: a model experiment 54 (1996) 111

Oxygen and pressure changes measured in situ during flooding in roots of the Grey Mangrove *Avicennia marina* (Forssk.) Vierh. 54 (1996) 165

Pathways of aeration and the mechanisms and beneficial effects of humidity- and Venturi-induced convections in *Phragmites australis* (Cav.) Trin. ex Steud. 54 (1996) 177

Pressurised ventilation in emergent macrophytes: the mechanism and mathematical modelling of humidity-induced convection 54 (1996) 121

Senescence, and phytotoxin, insect, fungal and mechanical damage: factors reducing convective gas-flows in *Phragmites australis* 54 (1996) 211

**Aerenchyma**

Oxygen and pressure changes measured in situ during flooding in roots of the Grey Mangrove *Avicennia marina* (Forssk.) Vierh. 54 (1996) 165

The measurement of gas spaces in the roots of aquatic plants – Archimedes revisited 54 (1996) 255

**After-ripening**

Germination requirements in a population of *Typha latifolia* 56 (1997) 1

**Age**

Seasonal and age dynamics of growth and reproduction of *Phycodrys rubens* (Rhodophyta) in the Barents and White Seas 55 (1996) 13

**Algae**

The influence of herbivores on *Posidonia oceanica* epiphytes 56 (1997) 93

**Allocation**

Nitrogen uptake and allocation in the seagrass *Amphibolis antarctica* 56 (1997) 105

**Allochthonous particulate inputs**

A partial budget of primary organic carbon flows in the littoral zone of a hardwater lake 55 (1996) 93

**Ammonium sulphate**

Recovery from acidification in aquatic mesocosms after reducing ammonium and sulphate deposition 56 (1997) 119

***Amphibolis antarctica***

Nitrogen uptake and allocation in the seagrass *Amphibolis antarctica* 56 (1997) 105

**Anoxia tolerance**

Pressurised ventilation in floating-leaved aquatic macrophytes 54 (1996) 137

**Apoplastic barrier**
Casparian band-like structures in the root hypodermis of some aquatic angiosperms 55 (1996) 217

**Apoplastic transport**
Casparian band-like structures in the root hypodermis of some aquatic angiosperms 55 (1996) 217

**Aquatic macrophytes**
Pressurised ventilation in floating-leaved aquatic macrophytes 54 (1996) 137
The mechanism of thermal transpiration (= thermal osmosis) 54 (1996) 101

**Aquatic plant growth**
Analysis of interstitial water during culture of *Hydrilla verticillata* with controlled release fertilizers 54 (1996) 1

**Aquatic plants**
A history of pressurised gas-flow studies in plants 54 (1996) 87
Effects of changing water clarity on characean biomass and species composition in a large oligotrophic lake 56 (1997) 169

**Archimedes**
The measurement of gas spaces in the roots of aquatic plants – Archimedes revisited 54 (1996) 255

**Autecology**
Germination requirements in a population of *Typha latifolia* 56 (1997) 1

***Avicennia marina***
Oxygen and pressure changes measured in situ during flooding in roots of the Grey Mangrove *Avicennia marina* (Forssk.) Vierh. 54 (1996) 165
The measurement of gas spaces in the roots of aquatic plants – Archimedes revisited 54 (1996) 255

**Barents and White Seas**
Seasonal and age dynamics of growth and reproduction of *Phycodrys rubens* (Rhodophyta) in the Barents and White Seas 55 (1996) 13

**Benthic algae**
Influence of *Littorella uniflora* on phosphorus retention in sediment supplied with artificial porewater 55 (1996) 183

**Bicarbonate**
Photosynthetic inorganic carbon acquisition of *Posidonia australis* 55 (1996) 149

**Biomass**
Interannual variance in a subtidal eelgrass community 56 (1997) 245

**Biomass models**
Development of a partitioned-biomass model for rooted macrophyte growth 56 (1997) 265

**Buried seeds**
Seed germination ecology of the aquatic winter annual *Hottonia inflata* 54 (1996) 51

**Callus**
Senescence, and phytotoxin, insect, fungal and mechanical damage: factors reducing convective gas-flows in *Phragmites australis* 54 (1996) 211

**Canals**
Distribution of aquatic plants in relation to environmental factors in the Nile Delta 56 (1997) 75

**Carbon acquisition**
The acquisition of inorganic carbon by the seagrass *Zostera marina* 56 (1997) 277

**Carbon budget**
A partial budget of primary organic carbon flows in the littoral zone of a hardwater lake 55 (1996) 93

**Carbonic anhydrase**
Photosynthetic inorganic carbon acquisition of *Posidonia australis* 55 (1996) 149
The acquisition of inorganic carbon by the seagrass *Zostera marina* 56 (1997) 277

***Chara***
Can oospore germination patterns explain charophyte distribution in permanent and temporary wetlands? 54 (1996) 297
Effects of changing water clarity on characean biomass and species composition in a large oligotrophic lake 56 (1997) 169

**Chesapeake Bay**
Effects of different submersed macrophytes on sediment biogeochemistry 56 (1997) 233

**Chlorophyta**
Photosynthetic fluorescence induction and oxygen production in two Mediterranean *Cladophora* species measured on site 56 (1997) 253

**Classification**
Distribution of aquatic plants in relation to environmental factors in the Nile Delta 56 (1997) 75

**Clonal growth**
Integrated growth patterns of turtle grass, *Thalassia testudinum* Banks ex König 55 (1996) 139
Site differences in the clone structure of an emergent sedge, *Cladium jamaicense* 55 (1996) 79

**Colonisation**
Germination and colonisation dynamics of *Nuphar lutea* (L.) Sm. in a former river channel 55 (1996) 31

**Community composition**
Marsh vegetation patterns and soil phosphorus gradients in the Everglades ecosystem 56 (1997) 145

**Competition**
Morphological traits and spatial heterogeneity of aquatic plants along sediment and depth gradients, Lake Geneva, Switzerland 55 (1997) 281

**Construction cost**
Construction costs for some aquatic plants 56 (1997) 203

**Convective gas-flow**
Evaluation of the ventilation resistance to convective gas-flow in the rhizomes of natural reed beds of *Phragmites australis* (Cav.) Trin. ex Steud. 54 (1996) 199

**Convective ventilation**
A history of pressurised gas-flow studies in plants 54 (1996) 87
Convective gas flow in plant aeration and thermo-osmosis: a model experiment 54 (1996) 111
Gas fluxes achieved by in situ convective flow in *Phragmites australis* 54 (1996) 151

**Current velocity**
Effects of current velocity and substrate composition on growth of Texas wildrice (*Zizania texana*) 55 (1996) 199

***Cyperus papyrus***
Nutrient distribution in a papyrus swamp: Lake Naivasha, Kenya 56 (1997) 35

***Dalzellia zeylanica***
In vitro germination and seedling development of *Dalzellia zeylanica* (Gardner) wight (Podostemaceae) 54 (1996) 59

**Decomposition**
A partial budget of primary organic carbon flows in the littoral zone of a hardwater lake 55 (1996) 93
Effect of decomposing filamentous algae on the growth of *Elodea canadensis* Michx. (a laboratory experiment) 54 (1996) 313

**Depth limits**
Effects of changing water clarity on characean biomass and species composition in a large oligotrophic lake 56 (1997) 169

**Diffusion**
Pathways of aeration and the mechanisms and beneficial effects of humidity- and Venturi-induced convections in *Phragmites australis* (Cav.) Trin. ex Steud. 54 (1996) 177
Pressurised ventilation in emergent macrophytes: the mechanism and mathematical modelling of humidity-induced convection 54 (1996) 121

**Dispersal**
*Wiesneria triandra* (Dalzell) Micheli (Alismataceae): a rare and unusual south Indian endemic 55 (1996) 115

**Displacement**
The measurement of gas spaces in the roots of aquatic plants – Archimedes revisited 54 (1996) 255

**Disturbance**
Germination and colonisation dynamics of *Nuphar lutea* (L.) Sm. in a former river channel 55 (1996) 31

**Diurnal pattern**
Control of the diurnal pattern of methane emission from emergent aquatic macrophytes by gas transport mechanisms 54 (1996) 237

**Diversity**
Distribution of aquatic plants in relation to environmental factors in the Nile Delta 56 (1997) 75

**Dormancy**
Can oospore germination patterns explain charophyte distribution in permanent and temporary wetlands? 54 (1996) 297
The germination characteristics of a population of *Zannichellia palustris* subsp. *pedicellata* 54 (1996) 287

**Dormancy cycles**
Seed germination ecology of the aquatic winter annual *Hottonia inflata* 54 (1996) 51

**Drains**
Distribution of aquatic plants in relation to environmental factors in the Nile Delta 56 (1997) 75

**Ecology**
*Wiesneria triandra* (Dalzell) Micheli (Alismataceae): a rare and unusual south Indian endemic 55 (1996) 115

**El Niño**
Interannual variance in a subtidal eelgrass community 56 (1997) 245

**Emergent macrophytes**
Restoration of *Scirpus lacustris* and *Scirpus maritimus* stands in a former tidal area 55 (1997) 229

**Emission**
Gas fluxes achieved by in situ convective flow in *Phragmites australis* 54 (1996) 151

**Endangered**
Effects of current velocity and substrate composition on growth of Texas wildrice (*Zizania texana*) 55 (1996) 199

**Endogenous thallus**
In vitro germination and seedling development of *Dalzellia zeylanica* (Gardner) wight (Podostemaceae) 54 (1996) 59

**Epiphytes**
Interannual variance in a subtidal eelgrass community 56 (1997) 245
The relative importance of amphipod and gastropod grazers in *Posidonia sinuosa* meadows 56 (1997) 183

**Establishment**
*Wiesneria triandra* (Dalzell) Micheli (Alismataceae): a rare and unusual south Indian endemic 55 (1996) 115

**Eutrophication**
Marsh vegetation patterns and soil phosphorus gradients in the Everglades ecosystem 56 (1997) 145

**Filamentous algae**
Effect of decomposing filamentous algae on the growth of *Elodea canadensis* Michx. (a laboratory experiment) 54 (1996) 313

**Flooding**
Photosynthetic and growth responses of cattail (*Typha domingensis*) and sawgrass (*Cladium jamaicense*) to soil redox conditions 54 (1996) 25
Seed germination ecology of the aquatic winter annual *Hottonia inflata* 54 (1996) 51

**Flood-intolerance**
Ecotypic differentiation for flood-tolerance and its morphological correlates in *Chamaecrista fasciculata* 56 (1997) 215

**Freshwater**
Influence of *Littorella uniflora* on phosphorus retention in sediment supplied with artificial porewater 55 (1996) 183

**Freshwater marsh**
Marsh vegetation patterns and soil phosphorus gradients in the Everglades ecosystem 56 (1997) 145

**Fruit morphology**
The germination characteristics of a population of *Zannichellia palustris* subsp. *pedicellata* 54 (1996) 287

**Fungal pathogens**
Senescence, and phytotoxin, insect, fungal and mechanical damage: factors reducing convective gas-flows in *Phragmites australis* 54 (1996) 211

**Gas composition**
Evaluation of the ventilation resistance to convective gas-flow in the rhizomes of natural reed beds of *Phragmites australis* (Cav.) Trin. ex Steud. 54 (1996) 199

**Gas exchange**
Photosynthetic and growth responses of cattail (*Typha domingensis*) and sawgrass (*Cladium jamaicense*) to soil redox conditions 54 (1996) 25

**Gas flow**
Pressurised ventilation in floating-leaved aquatic macrophytes 54 (1996) 137

**Gas space**
The measurement of gas spaces in the roots of aquatic plants – Archimedes revisited 54 (1996) 255

**Gas transport**
Control of the diurnal pattern of methane emission from emergent aquatic macrophytes by gas transport mechanisms 54 (1996) 237
Gas fluxes achieved by in situ convective flow in *Phragmites australis* 54 (1996) 151
Methane stable isotopic distributions as indicators of gas transport mechanisms in emergent aquatic plants 54 (1996) 227
Pressurised ventilation in emergent macrophytes: the mechanism and mathematical modelling of humidity-induced convection 54 (1996) 121

**Germination**
*Wiesneria triandra* (Dalzell) Micheli (Alismataceae): a rare and unusual south Indian endemic 55 (1996) 115
Germination and colonisation dynamics of *Nuphar lutea* (L.) Sm. in a former river channel 55 (1996) 31

**Grazing**
The relative importance of amphipod and gastropod grazers in *Posidonia sinuosa* meadows 56 (1997) 183

**Greylag geese**
The impact of grubbing by Greylag Geese (*Anser anser*) on the vegetation dynamics of a tidal marsh 55 (1997) 261

**Growth**
Seasonal and age dynamics of growth and reproduction of *Phycodrys rubens* (Rhodophyta) in the Barents and White Seas 55 (1996) 13

**Growth response**
Growth and morphological responses of four helophyte species in an experimental water-depth gradient 54 (1996) 11

**Grubbing**
The impact of grubbing by Greylag Geese (*Anser anser*) on the vegetation dynamics of a tidal marsh 55 (1997) 261

**Heat of combustion**
Construction costs for some aquatic plants 56 (1997) 203

**Helophytes**
Growth and morphological responses of four helophyte species in an experimental water-depth gradient 54 (1996) 11

**Herbivory**
Grazing by black swans (*Cygnus atratus* Latham), physical factors, and the growth and loss of aquatic vegetation in a shallow lake 55 (1996) 205

**Hickling Broad**
Temporal variations in the nitrogen content of *Phragites australis* (Cav.) Trin. ex Steud. from a shallow fertile lake 55 (1996) 171

***Hydrilla***
Construction costs for some aquatic plants 56 (1997) 203

***Hydrilla verticillata***
Effects of different submersed macrophytes on sediment biogeochemistry 56 (1997) 233

**Hypoxia**
Photosynthetic and growth responses of cattail (*Typha domingensis*) and sawgrass (*Cladium jamaicense*) to soil redox conditions 54 (1996) 25

**Ideal gas law**
Lacunar pressures in *Myriophyllum heterophyllum*: manometric measurement and diurnal gas dynamics in field populations 54 (1996) 321

**Insects**
Senescence, and phytotoxin, insect, fungal and mechanical damage: factors reducing convective gas-flows in *Phragmites australis* 54 (1996) 211

**In vitro seed germination**
In vitro germination and seedling development of *Dalzellia zeylanica* (Gardner) wight (Podostemaceae) 54 (1996) 59

**Iron**
Influence of *Littorella uniflora* on phosphorus retention in sediment supplied with artificial porewater 55 (1996) 183

**Isozymes**
*Wiesneria triandra* (Dalzell) Micheli (Alismataceae): a rare and unusual south Indian endemic 55 (1996) 115
Enzyme polymorphism in *Posidonia oceanica*, a seagrass endemic to the Mediterranean 54 (1996) 265

***Juncus bulbosus* L.**
Effects of liming on shallow acidified moorland pools: a culture and a seed bank experiment 54 (1996) 37

**Knudsen diffusion**
The mechanism of thermal transpiration (= thermal osmosis) 54 (1996) 101

***Lacuna***
Seasonality of eelgrass, epiphyte, and grazer biomass and productivity in subtidal eelgrass meadows subjected to moderate tidal amplitude 56 (1997) 51

**Lacunar gas composition**
Lacunar pressures in *Myriophyllum heterophyllum*: manometric measurement and diurnal gas dynamics in field populations 54 (1996) 321

**Lacunar $O_2$ transport**
Lacunar pressures in *Myriophyllum heterophyllum*: manometric measurement and diurnal gas dynamics in field populations 54 (1996) 321

**Lake littoral**
A partial budget of primary organic carbon flows in the littoral zone of a hardwater lake 55 (1996) 93
Effect of decomposing filamentous algae on the growth of *Elodea canadensis* Michx. (a laboratory experiment) 54 (1996) 313
Morphological traits and spatial heterogeneity of aquatic plants along sediment and depth gradients, Lake Geneva, Switzerland 55 (1997) 281

**Leaf morphology**
Leaf dimensions of transplants of *Thalassia testudinum* in a Mexican Caribbean reef lagoon 55 (1996) 133

**Light**
Effect of increasing photon irradiance on the growth of *Vallisneria americana* in the tidal Potomac River 54 (1996) 337
Grazing by black swans (*Cygnus atratus* Latham), physical factors, and the growth and loss of aquatic vegetation in a shallow lake 55 (1996) 205
Seasonality of eelgrass, epiphyte, and grazer biomass and productivity in subtidal eelgrass meadows subjected to moderate tidal amplitude 56 (1997) 51

**Liming**
Effects of liming on shallow acidified moorland pools: a culture and a seed bank experiment 54 (1996) 37

**Litter fall**
A 7 year record of above-ground net primary production in a southeastern Mexican mangrove forest 55 (1996) 39

***Littorella uniflora* (L.) Aschers.**
Effects of liming on shallow acidified moorland pools: a culture and a seed bank experiment 54 (1996) 37

**Long-term productivity**
A 7 year record of above-ground net primary production in a southeastern Mexican mangrove forest 55 (1996) 39

***Lytechinus***
Phenology of a seagrass (*Halodule wrightii*) bed on the southeast coast of Brazil 56 (1997) 25

**Macrophyte**
Effects of current velocity and substrate composition on growth of Texas wildrice (*Zizania texana*) 55 (1996) 199

Influence of *Littorella uniflora* on phosphorus retention in sediment supplied with artificial porewater 55 (1996) 183

Distribution of aquatic plants in relation to environmental factors in the Nile Delta 56 (1997) 75

Effect of decomposing filamentous algae on the growth of *Elodea canadensis* Michx. (a laboratory experiment) 54 (1996) 313

Grazing by black swans (*Cygnus atratus* Latham), physical factors, and the growth and loss of aquatic vegetation in a shallow lake 55 (1996) 205

Marsh vegetation patterns and soil phosphorus gradients in the Everglades ecosystem 56 (1997) 145

**Mangrove**

Oxygen and pressure changes measured in situ during flooding in roots of the Grey Mangrove *Avicennia marina* (Forssk.) Vierh. 54 (1996) 165

**Marl**

Site differences in the clone structure of an emergent sedge, *Cladium jamaicense* 55 (1996) 79

**Marshes**

The relative importance of sulfate availability in the growth of *Spartina alterniflora* and *Spartina cynosuroides* 56 (1997) 131

**Methane**

A history of pressurised gas-flow studies in plants 54 (1996) 87

Gas fluxes achieved by in situ convective flow in *Phragmites australis* 54 (1996) 151

Methane stable isotopic distributions as indicators of gas transport mechanisms in emergent aquatic plants 54 (1996) 227

Pressurised ventilation in emergent macrophytes: the mechanism and mathematical modelling of humidity-induced convection 54 (1996) 121

**Methane emission**

Control of the diurnal pattern of methane emission from emergent aquatic macrophytes by gas transport mechanisms 54 (1996) 237

**Mire vegetation**

Nutrient retention in the vegetation of an overland flow treatment system in northern Finland 55 (1996) 61

**Models**

Seasonality of eelgrass, epiphyte, and grazer biomass and productivity in subtidal eelgrass meadows subjected to moderate tidal amplitude 56 (1997) 51

**Moorland pools**

Effects of liming on shallow acidified moorland pools: a culture and a seed bank experiment 54 (1996) 37

**Morphological response**

Growth and morphological responses of four helophyte species in an experimental water-depth gradient 54 (1996) 11

**Morphological traits**

Morphological traits and spatial heterogeneity of aquatic plants along sediment and depth gradients, Lake Geneva, Switzerland 55 (1997) 281

***Myriophyllum heterophyllum***

Lacunar pressures in *Myriophyllum heterophyllum*: manometric measurement and diurnal gas dynamics in field populations 54 (1996) 321

**$^{15}N$**

Nitrogen uptake and allocation in the seagrass *Amphibolis antarctica* 56 (1997) 105

**New Zealand**

Effects of changing water clarity on characean biomass and species composition in a large oligotrophic lake 56 (1997) 169

***Nitella***

Can oospore germination patterns explain charophyte distribution in permanent and temporary wetlands? 54 (1996) 297

**Nitrogen**

Analysis of interstitial water during culture of *Hydrilla verticillata* with controlled release fertilizers 54 (1996) 1

Nutrient constraints on establishment from seed and on vegetative expansion of the Mediterranean seagrass *Cymodocea nodosa* 54 (1996) 279

Nutrient distribution in a papyrus swamp: Lake Naivasha, Kenya 56 (1997) 35

Nutrient retention in the vegetation of an overland flow treatment system in northern Finland 55 (1996) 61

**Nitrogen uptake**
Nitrogen uptake and allocation in the seagrass *Amphibolis antarctica* 56 (1997) 105

**Norfolk Broads**
Temporal variations in the nitrogen content of *Phragites australis* (Cav.) Trin. ex Steud. from a shallow fertile lake 55 (1996) 171

***Nuphar lutea*** (L.) Sm.
Germination and colonisation dynamics of *Nuphar lutea* (L.) Sm. in a former river channel 55 (1996) 31

**Nutrient dynamics**
Nitrogen uptake and allocation in the seagrass *Amphibolis antarctica* 56 (1997) 105
Nutrient distribution in a papyrus swamp: Lake Naivasha, Kenya 56 (1997) 35

**Nutrients**
Nutrient constraints on establishment from seed and on vegetative expansion of the Mediterranean seagrass *Cymodocea nodosa* 54 (1996) 279
Seasonality of eelgrass, epiphyte, and grazer biomass and productivity in subtidal eelgrass meadows subjected to moderate tidal amplitude 56 (1997) 51
The influence of herbivores on *Posidonia oceanica* epiphytes 56 (1997) 93

**Ordination**
Distribution of aquatic plants in relation to environmental factors in the Nile Delta 56 (1997) 75

**Osmoregulation**
Effects of salinity on the growth of *Phragmites australis* 55 (1997) 247

**Oxygen**
A history of pressurised gas-flow studies in plants 54 (1996) 87
Oxygen and pressure changes measured in situ during flooding in roots of the Grey Mangrove *Avicennia marina* (Forssk.) Vierh. 54 (1996) 165
Pathways of aeration and the mechanisms and beneficial effects of humidity- and Venturi-induced convections in *Phragmites australis* (Cav.) Trin. ex Steud. 54 (1996) 177
Pressurised ventilation in emergent macrophytes: the mechanism and mathematical modelling of humidity-induced convection 54 (1996) 121

**Oxygen measurements**
Photosynthetic fluorescence induction and oxygen production in two Mediterranean *Cladophora* species measured on site 56 (1997) 253

**Oxygen shortage**
Pressurised ventilation in floating-leaved aquatic macrophytes 54 (1996) 137

**Oxygen stress**
Pressurised ventilation in floating-leaved aquatic macrophytes 54 (1996) 137

**Oxygen supply**
The mechanism of thermal transpiration (= thermal osmosis) 54 (1996) 101

**PAM fluorescence**
Photosynthetic fluorescence induction and oxygen production in two Mediterranean *Cladophora* species measured on site 56 (1997) 253

***Paracentrotus lividus***
The influence of herbivores on *Posidonia oceanica* epiphytes 56 (1997) 93

**Path analysis**
Seasonality of eelgrass, epiphyte, and grazer biomass and productivity in subtidal eelgrass meadows subjected to moderate tidal amplitude 56 (1997) 51

**Peat**
Site differences in the clone structure of an emergent sedge, *Cladium jamaicense* 55 (1996) 79

**Peatland**
Nutrient retention in the vegetation of an overland flow treatment system in northern Finland 55 (1996) 61

**Peat mining**
Nutrient retention in the vegetation of an overland flow treatment system in northern Finland 55 (1996) 61

***Peltandra virginica***
Control of the diurnal pattern of methane emission from emergent aquatic macrophytes by gas transport mechanisms 54 (1996) 237

**Periphyton**

The relative importance of amphipod and gastropod grazers in *Posidonia sinuosa* meadows 56 (1997) 183

***Phalaris***

Growth and morphological responses of four helophyte species in an experimental water-depth gradient 54 (1996) 11

**Phosphorus**

Analysis of interstitial water during culture of *Hydrilla verticillata* with controlled release fertilizers 54 (1996) 1

Nutrient constraints on establishment from seed and on vegetative expansion of the Mediterranean seagrass *Cymodocea nodosa* 54 (1996) 279

Nutrient distribution in a papyrus swamp: Lake Naivasha, Kenya 56 (1997) 35

Nutrient retention in the vegetation of an overland flow treatment system in northern Finland 55 (1996) 61

**Photoinhibition**

Photosynthetic fluorescence induction and oxygen production in two Mediterranean *Cladophora* species measured on site 56 (1997) 253

**Photorespirometry**

Photosynthesis and respiration of phaeophycean-dominated macroalgal communities in summer and winter 55 (1996) 159

**Photosynthesis**

Development of a partitioned-biomass model for rooted macrophyte growth 56 (1997) 265

Effects of current velocity and substrate composition on growth of Texas wildrice (*Zizania texana*) 55 (1996) 199

Photosynthetic inorganic carbon acquisition of *Posidonia australis* 55 (1996) 149

The acquisition of inorganic carbon by the seagrass *Zostera marina* 56 (1997) 277

***Phragmites***

A partial budget of primary organic carbon flows in the littoral zone of a hardwater lake 55 (1996) 93

Growth and morphological responses of four helophyte species in an experimental water-depth gradient 54 (1996) 11

Pathways of aeration and the mechanisms and beneficial effects of humidity- and Venturi-induced convections in *Phragmites australis* (Cav.) Trin. ex Steud. 54 (1996) 177

***Phragmites australis***

Evaluation of the ventilation resistance to convective gas-flow in the rhizomes of natural reed beds of *Phragmites australis* (Cav.) Trin. ex Steud. 54 (1996) 199

Gas fluxes achieved by in situ convective flow in *Phragmites australis* 54 (1996) 151

Senescence, and phytotoxin, insect, fungal and mechanical damage: factors reducing convective gas-flows in *Phragmites australis* 54 (1996) 211

***Phycodrys rubens***

Seasonal and age dynamics of growth and reproduction of *Phycodrys rubens* (Rhodophyta) in the Barents and White Seas 55 (1996) 13

**Phytoplankton**

Grazing by black swans (*Cygnus atratus* Latham), physical factors, and the growth and loss of aquatic vegetation in a shallow lake 55 (1996) 205

**Phytotoxins**

Senescence, and phytotoxin, insect, fungal and mechanical damage: factors reducing convective gas-flows in *Phragmites australis* 54 (1996) 211

**Plant density**

Restoration of *Scirpus lacustris* and *Scirpus maritimus* stands in a former tidal area 55 (1997) 229

**Podostemaceae**

*Zeylanidium maheshwarii*—a new species of the family Podostemaceae from India 54 (1996) 73

In vitro germination and seedling development of *Dalzellia zeylanica* (Gardner) wight (Podostemaceae) 54 (1996) 59

**Polyethylene glycol**

Response of *Spirodela intermedia* W. Koch to osmotically induced water shortage 55 (1996) 107

**Polymorphism**

Enzyme polymorphism in *Posidonia oceanica*, a seagrass endemic to the Mediterranean 54 (1996) 265

**Population dynamics**
Growth and population dynamics of *Thalassodendron ciliatum* in a Kenyan back-reef lagoon 55 (1996) 1

**Porewater phosphorus**
Effects of different submersed macrophytes on sediment biogeochemistry 56 (1997) 233

***Posidonia***
The relative importance of amphipod and gastropod grazers in *Posidonia sinuosa* meadows 56 (1997) 183

***Posidonia oceanica***
Enzyme polymorphism in *Posidonia oceanica*, a seagrass endemic to the Mediterranean 54 (1996) 265

***Potamogeton***
Construction costs for some aquatic plants 56 (1997) 203
Morphological traits and spatial heterogeneity of aquatic plants along sediment and depth gradients, Lake Geneva, Switzerland 55 (1997) 281

**Potassium**
Analysis of interstitial water during culture of *Hydrilla verticillata* with controlled release fertilizers 54 (1996) 1

**Pressure**
Oxygen and pressure changes measured in situ during flooding in roots of the Grey Mangrove *Avicennia marina* (Forssk.) Vierh. 54 (1996) 165

**Pressure-flow**
A history of pressurised gas-flow studies in plants 54 (1996) 87
Pressurised ventilation in emergent macrophytes: the mechanism and mathematical modelling of humidity-induced convection 54 (1996) 121

**Pressure-flow mechanisms**
The mechanism of thermal transpiration (= thermal osmosis) 54 (1996) 101

**Pressurised gas-flow**
Pathways of aeration and the mechanisms and beneficial effects of humidity- and Venturi-induced convections in *Phragmites australis* (Cav.) Trin. ex Steud. 54 (1996) 177

**Pressurised ventilation**
Pressurised ventilation in floating-leaved aquatic macrophytes 54 (1996) 137

**Pressurization**
Gas fluxes achieved by in situ convective flow in *Phragmites australis* 54 (1996) 151

**Primary production**
A partial budget of primary organic carbon flows in the littoral zone of a hardwater lake 55 (1996) 93

**Primary productivity**
Photosynthesis and respiration of phaeophycean-dominated macroalgal communities in summer and winter 55 (1996) 159

**Primulaceae**
Seed germination ecology of the aquatic winter annual *Hottonia inflata* 54 (1996) 51

**Productivity**
Interannual variance in a subtidal eelgrass community 56 (1997) 245
Photosynthetic and growth responses of cattail (*Typha domingensis*) and sawgrass (*Cladium jamaicense*) to soil redox conditions 54 (1996) 25
Site differences in the clone structure of an emergent sedge, *Cladium jamaicense* 55 (1996) 79

**Propagules**
Construction costs for some aquatic plants 56 (1997) 203

**Purple loosestrife**
Vegetative propagation and the tissues involved in lateral spread of *Lythrum salicaria* 56 (1997) 11

**Pycnometer**
The measurement of gas spaces in the roots of aquatic plants – Archimedes revisited 54 (1996) 255

**Recovering capacity**
Recovery from acidification in aquatic mesocosms after reducing ammonium and sulphate deposition 56 (1997) 119

**Redox potential**
Effects of different submersed macrophytes on sediment biogeochemistry 56 (1997) 233

Influence of *Littorella uniflora* on phosphorus retention in sediment supplied with artificial porewater 55 (1996) 183

**Reeds**
Gas fluxes achieved by in situ convective flow in *Phragmites australis* 54 (1996) 151

**Reedswamp**
Temporal variations in the nitrogen content of *Phragites australis* (Cav.) Trin. ex Steud. from a shallow fertile lake 55 (1996) 171

**Re-introduction**
Restoration of *Scirpus lacustris* and *Scirpus maritimus* stands in a former tidal area 55 (1997) 229

**Relative growth rates**
Effects of salinity on the growth of *Phragmites australis* 55 (1997) 247

**Reproduction**
Seasonal and age dynamics of growth and reproduction of *Phycodrys rubens* (Rhodophyta) in the Barents and White Seas 55 (1996) 13

**Respiration**
Development of a partitioned-biomass model for rooted macrophyte growth 56 (1997) 265

**Restoration**
Effects of liming on shallow acidified moorland pools: a culture and a seed bank experiment 54 (1996) 37

**Revegetation**
Effect of increasing photon irradiance on the growth of *Vallisneria americana* in the tidal Potomac River 54 (1996) 337

**Rhizome growth**
Nutrient constraints on establishment from seed and on vegetative expansion of the Mediterranean seagrass *Cymodocea nodosa* 54 (1996) 279

**Rhizomes**
Evaluation of the ventilation resistance to convective gas-flow in the rhizomes of natural reed beds of *Phragmites australis* (Cav.) Trin. ex Steud. 54 (1996) 199

Temporal variations in the nitrogen content of *Phragites australis* (Cav.) Trin. ex Steud. from a shallow fertile lake 55 (1996) 171

**Rhizosphere oxygenation**
Pathways of aeration and the mechanisms and beneficial effects of humidity- and Venturi-induced convections in *Phragmites australis* (Cav.) Trin. ex Steud. 54 (1996) 177

**Rhodophyta**
Seasonal and age dynamics of growth and reproduction of *Phycodrys rubens* (Rhodophyta) in the Barents and White Seas 55 (1996) 13

**Rooted macrophytes**
Development of a partitioned-biomass model for rooted macrophyte growth 56 (1997) 265

**Root morphology**
Ecotypic differentiation for flood-tolerance and its morphological correlates in *Chamaecrista fasciculata* 56 (1997) 215

**Root–shoot model**
In vitro germination and seedling development of *Dalzellia zeylanica* (Gardner) wight (Podostemaceae) 54 (1996) 59

**Salinity**
Germination requirements in a population of *Typha latifolia* 56 (1997) 1
The germination characteristics of a population of *Zannichellia palustris* subsp. *pedicellata* 54 (1996) 287

**Salinity gradient**
The relative importance of sulfate availability in the growth of *Spartina alterniflora* and *Spartina cynosuroides* 56 (1997) 131

**Salinity tolerance**
Effects of salinity on the growth of *Phragmites australis* 55 (1997) 247

**Salt excretion**
Effects of salinity on the growth of *Phragmites australis* 55 (1997) 247

***Sarpa salpa***
The influence of herbivores on *Posidonia oceanica* epiphytes 56 (1997) 93

***Scirpus***

Growth and morphological responses of four helophyte species in an experimental water-depth gradient 54 (1996) 11

***Scirpus maritimus***

The impact of grubbing by Greylag Geese (*Anser anser*) on the vegetation dynamics of a tidal marsh 55 (1997) 261

**Seagrass**

Growth and population dynamics of *Thalassodendron ciliatum* in a Kenyan back-reef lagoon 55 (1996) 1

Leaf dimensions of transplants of *Thalassia testudinum* in a Mexican Caribbean reef lagoon 55 (1996) 133

Photosynthetic inorganic carbon acquisition of *Posidonia australis* 55 (1996) 149

The acquisition of inorganic carbon by the seagrass *Zostera marina* 56 (1997) 277

The influence of herbivores on *Posidonia oceanica* epiphytes 56 (1997) 93

**Seagrass biomass**

Phenology of a seagrass (*Halodule wrightii*) bed on the southeast coast of Brazil 56 (1997) 25

**Seagrasses**

Enzyme polymorphism in *Posidonia oceanica*, a seagrass endemic to the Mediterranean 54 (1996) 265

Nitrogen uptake and allocation in the seagrass *Amphibolis antarctica* 56 (1997) 105

**Sea urchins**

Phenology of a seagrass (*Halodule wrightii*) bed on the southeast coast of Brazil 56 (1997) 25

**Sediment**

Effects of current velocity and substrate composition on growth of Texas wildrice (*Zizania texana*) 55 (1996) 199

Morphological traits and spatial heterogeneity of aquatic plants along sediment and depth gradients, Lake Geneva, Switzerland 55 (1997) 281

**Seed bank**

Can oospore germination patterns explain charophyte distribution in permanent and temporary wetlands? 54 (1996) 297

Effects of liming on shallow acidified moorland pools: a culture and a seed bank experiment 54 (1996) 37

**Seed dormancy**

Seed germination ecology of the aquatic winter annual *Hottonia inflata* 54 (1996) 51

**Seedlings**

Nutrient constraints on establishment from seed and on vegetative expansion of the Mediterranean seagrass *Cymodocea nodosa* 54 (1996) 279

**Seed mass**

Ecotypic differentiation for flood-tolerance and its morphological correlates in *Chamaecrista fasciculata* 56 (1997) 215

**Seeds**

Germination requirements in a population of *Typha latifolia* 56 (1997) 1

**Senescence**

Senescence, and phytotoxin, insect, fungal and mechanical damage: factors reducing convective gas-flows in *Phragmites australis* 54 (1996) 211

**Sexual reproduction**

Germination and colonisation dynamics of *Nuphar lutea* (L.) Sm. in a former river channel 55 (1996) 31

**Shoot elongation**

Ecotypic differentiation for flood-tolerance and its morphological correlates in *Chamaecrista fasciculata* 56 (1997) 215

**Shore protection**

Restoration of *Scirpus lacustris* and *Scirpus maritimus* stands in a former tidal area 55 (1997) 229

**Soft waters**

Recovery from acidification in aquatic mesocosms after reducing ammonium and sulphate deposition 56 (1997) 119

**Soil fertility**

Restoration of *Scirpus lacustris* and *Scirpus maritimus* stands in a former tidal area 55 (1997) 229

**Solar radiation**
Photosynthetic fluorescence induction and oxygen production in two Mediterranean *Cladophora* species measured on site 56 (1997) 253

**South Australia**
Photosynthesis and respiration of phaeophycean-dominated macroalgal communities in summer and winter 55 (1996) 159

***Spartina alterniflora***
The relative importance of sulfate availability in the growth of *Spartina alterniflora* and *Spartina cynosuroides* 56 (1997) 131

***Spartina anglica***
The impact of grubbing by Greylag Geese (*Anser anser*) on the vegetation dynamics of a tidal marsh 55 (1997) 261

**Spatial heterogeneity**
Morphological traits and spatial heterogeneity of aquatic plants along sediment and depth gradients, Lake Geneva, Switzerland 55 (1997) 281

**Spatial variability**
Leaf dimensions of transplants of *Thalassia testudinum* in a Mexican Caribbean reef lagoon 55 (1996) 133

***Spirodela intermedia***
Response of *Spirodela intermedia* W. Koch to osmotically induced water shortage 55 (1996) 107

**Stable isotope distribution**
Methane stable isotopic distributions as indicators of gas transport mechanisms in emergent aquatic plants 54 (1996) 227

**Stomatal conductance**
Photosynthetic and growth responses of cattail (*Typha domingensis*) and sawgrass (*Cladium jamaicense*) to soil redox conditions 54 (1996) 25

**Suberized walls**
Casparian band-like structures in the root hypodermis of some aquatic angiosperms 55 (1996) 217

**Submersed macrophytes**
Effect of increasing photon irradiance on the growth of *Vallisneria americana* in the tidal Potomac River 54 (1996) 337

**Submersed plant**
Influence of *Littorella uniflora* on phosphorus retention in sediment supplied with artificial porewater 55 (1996) 183

**Submersed vascular plant**
Lacunar pressures in *Myriophyllum heterophyllum*: manometric measurement and diurnal gas dynamics in field populations 54 (1996) 321

**Sulfate**
The relative importance of sulfate availability in the growth of *Spartina alterniflora* and *Spartina cynosuroides* 56 (1997) 131

**Sulphur**
Nutrient distribution in a papyrus swamp: Lake Naivasha, Kenya 56 (1997) 35

**Sulphuric acid**
Recovery from acidification in aquatic mesocosms after reducing ammonium and sulphate deposition 56 (1997) 119

**Survival**
Effects of salinity on the growth of *Phragmites australis* 55 (1997) 247

**Synchronisation**
Integrated growth patterns of turtle grass, *Thalassia testudinum* Banks ex König 55 (1996) 139

**Temperature**
Seasonality of eelgrass, epiphyte, and grazer biomass and productivity in subtidal eelgrass meadows subjected to moderate tidal amplitude 56 (1997) 51

**Terminos Lagoon**
A 7 year record of above-ground net primary production in a southeastern Mexican mangrove forest 55 (1996) 39

**Texas wildrice**
Effects of current velocity and substrate composition on growth of Texas wildrice (*Zizania texana*) 55 (1996) 199

***Thalassia testudinum***
Integrated growth patterns of turtle grass, *Thalassia testudinum* Banks ex König 55 (1996) 139

Leaf dimensions of transplants of *Thalassia testudinum* in a Mexican Caribbean reef lagoon 55 (1996) 133

***Thalassodendron ciliatum***
Growth and population dynamics of *Thalassodendron ciliatum* in a Kenyan back-reef lagoon 55 (1996) 1

**Thermal osmosis**
The mechanism of thermal transpiration (= thermal osmosis) 54 (1996) 101

**Thermal transpiration**
The mechanism of thermal transpiration (= thermal osmosis) 54 (1996) 101

**Thermo-osmosis**
Convective gas flow in plant aeration and thermo-osmosis: a model experiment 54 (1996) 111

**Thermoperiod**
Seed germination ecology of the aquatic winter annual *Hottonia inflata* 54 (1996) 51

**Throughflow**
Control of the diurnal pattern of methane emission from emergent aquatic macrophytes by gas transport mechanisms 54 (1996) 237

**Tidal marsh**
The impact of grubbing by Greylag Geese (*Anser anser*) on the vegetation dynamics of a tidal marsh 55 (1997) 261

**Transplantation**
Leaf dimensions of transplants of *Thalassia testudinum* in a Mexican Caribbean reef lagoon 55 (1996) 133

**Tristichoideae**
In vitro germination and seedling development of *Dalzellia zeylanica* (Gardner) wight (Podostemaceae) 54 (1996) 59

**Tubers**
Construction costs for some aquatic plants 56 (1997) 203

**Turbidity**
Effects of changing water clarity on characean biomass and species composition in a large oligotrophic lake 56 (1997) 169

**Turions**
Construction costs for some aquatic plants 56 (1997) 203

***Typhaceae***
Germination requirements in a population of *Typha latifolia* 56 (1997) 1

***Typha latifolia***
Control of the diurnal pattern of methane emission from emergent aquatic macrophytes by gas transport mechanisms 54 (1996) 237

**Uptake kinetics**
The relative importance of sulfate availability in the growth of *Spartina alterniflora* and *Spartina cynosuroides* 56 (1997) 131

**Upthrust**
The measurement of gas spaces in the roots of aquatic plants – Archimedes revisited 54 (1996) 255

***Vallisneria americana***
Effects of different submersed macrophytes on sediment biogeochemistry 56 (1997) 233

**Vegetation dynamics**
The impact of grubbing by Greylag Geese (*Anser anser*) on the vegetation dynamics of a tidal marsh 55 (1997) 261

**Vegetative reproduction**
Germination and colonisation dynamics of *Nuphar lutea* (L.) Sm. in a former river channel 55 (1996) 31

**Ventilation resistance parameter**
Evaluation of the ventilation resistance to convective gas-flow in the rhizomes of natural reed beds of *Phragmites australis* (Cav.) Trin. ex Steud. 54 (1996) 199

**Water clarity**

Seasonality of eelgrass, epiphyte, and grazer biomass and productivity in subtidal eelgrass meadows subjected to moderate tidal amplitude 56 (1997) 51

**Water depth**

Growth and morphological responses of four helophyte species in an experimental water-depth gradient 54 (1996) 11

Restoration of *Scirpus lacustris* and *Scirpus maritimus* stands in a former tidal area 55 (1997) 229

**Waterfowl**

Grazing by black swans (*Cygnus atratus* Latham), physical factors, and the growth and loss of aquatic vegetation in a shallow lake 55 (1996) 205

**Waterfowl grazing**

Restoration of *Scirpus lacustris* and *Scirpus maritimus* stands in a former tidal area 55 (1997) 229

**Water pollution control**

Nutrient retention in the vegetation of an overland flow treatment system in northern Finland 55 (1996) 61

**Water shortage**

Response of *Spirodela intermedia* W. Koch to osmotically induced water shortage 55 (1996) 107

**Wetland**

Gas fluxes achieved by in situ convective flow in *Phragmites australis* 54 (1996) 151

Temporal variations in the nitrogen content of *Phragites australis* (Cav.) Trin. ex Steud. from a shallow fertile lake 55 (1996) 171

**Winter buds**

Construction costs for some aquatic plants 56 (1997) 203

***Zannichelliaceae***

The germination characteristics of a population of *Zannichellia palustris* subsp. *pedicellata* 54 (1996) 287

***Zeylanidium maheshwarii***

*Zeylanidium maheshwarii*—a new species of the family Podostemaceae from India 54 (1996) 73

***Zizania texana***

Effects of current velocity and substrate composition on growth of Texas wildrice (*Zizania texana*) 55 (1996) 199

***Zostera marina***

Interannual variance in a subtidal eelgrass community 56 (1997) 245

The acquisition of inorganic carbon by the seagrass *Zostera marina* 56 (1997) 277
